About Us

Unique Unicorns is a private, family operated business committed to providing a high standard of childcare for your child. Being a family business we are dedicated to your child's educational and emotional progression. To ensure our centre reflects these views, staff are selectively chosen based on their commitment to helping your child develop.

The Director of the Centre, Leanne Rebgetz, holds a Bachelor of Early Childhood Education Services and has been working in the childcare industry since 1994. Early Childhood Education has always been her passion and she enjoys helping children accomplish their educational goals.

Unique Unicorns' aim is to stand apart from other centres by providing:

- ***Well-equipped playgrounds.***
- ***Architecturally designed spacious rooms.***
- ***Aesthetically pleasing, differing from the norm.***

All of which aid in the educational development of your children.

Unique Unicorns also provides an Approved Kindergarten Program, which is run by a Qualified Early Childhood Teacher.

Unique Unicorns has an open door policy and Leanne is always available to discuss your child's progression. The staff also encourage you to be part of your child's program and will regularly inform you of your child's progress. Your child's development is important to us, so it is vital that we communicate and share information on a regular basis.

Morning & Afternoon Tea is Supplied

Unique Unicorns recognises the importance of instilling good eating habits along with educating about the importance of good nutrition and physical exercise at a young age. Our centre encourages healthy eating practices and regular physical activity and incorporates this into our learning schedule. Unique Unicorns supplies morning and afternoon tea for your children (for those children who are not at a finger food stage), with a focus on providing the recommended balance of a child's daily meal intake of the five food groups. Unique Unicorns is sensitive toward children with allergies and culturally diverse families and will endeavor to accommodate their needs.

Outside Play Area

The outdoor area consists of extra large verandahs, which provide children with extra shade as well as allowing for outside play in **all weather** conditions. The playground structure provides children with choices and challenges as well as its loads of fun too.

Accredited

Leanne the centre's director and owner received a High Quality grading in the Australian Governments National Quality Framework for Early Childhood Education and Care. She has also received many testimonials from satisfied parents throughout the seven years of the centres operation. Leanne's extensive training schedule and expectations of staff ensure a consistent standard of educational care for your children.
